

LH Vertical Reference Door

Description

The Transwest LH Vertical Reference Door provides the ideal comforts for a long day of vertical reference work.

The LH Vertical Reference Door is modified to add a deep bubble window, viewing slot, instruments, shoulder and arm rests. The LH Vertical Reference Door comes complete with a wiring harness to allow L/H Pilot In Command operations.

Aircraft Model(s)

Bell 205A, 205A-1, 212, 214B, 214B-1, 412

Approvals

TCCA STC SH07-20

FAA STC pending

Features

- Bubble Window is made of scratch resistant Polycast SC with enhanced craze-resistant material
- Available in many tints providing full UV protection and cooler internal temperatures
- Shoulder and arm rests for added comfort
- Quick disconnect wiring harness

Benefits

- Increased comfort during VR operations
- Visibility is greatly improved with deep bubble window and viewing slot
- Quick Release wire harness allows for quick change over
- Bubble window tints provided improved UV protection
